Estimated Impact on Downtown Foot-Traffic

Downtown Farmer's Market

Jan 2021 to Sept 2021

Murrieta, CA

There was significant lift in baseline foot-traffic downtown on nights the Farmer's Market was held.

The figures to the right show the estimated visits and amount of increase in baseline foot-traffic on Thursday nights compared to other days of the week from Jan 1 to Sept 2nd.

Study Area:

We geofenced the core area along Juniper St and Washington Ave that houses the Downtown Farmer's Market and used GPS data from visitor's cell phones to gauge the impact the Farmer's Market had on foot-traffic downtown.
